

STUDENT TIMELINE: YEAR 3

RETURN TO NEEMA

Students are excited to come back to Neema after a 3-week break after finishing their second year.

ANNUAL MEDICAL CHECK-UP

All students receive an annual check-up to identify any underlying medical issues. Students and children receive ongoing medical care during the year.

INDIVIDUAL & GROUP COUNSELING

Our counselors meet with the students on a regular and on-demand basis to help them cope and heal from past trauma.

ALPHA SEMINAR

Third Year students have an opportunity to further deepen their understanding of the Alpha program.

RESTORE | EDUCATE | TRANSFORM

STUDY LEADERSHIP FROM A BIBLICAL PERSPECTIVE

The leadership series prepares the Third Year students for life outside of Neema and how to positively impact those around them.

SKILLS TRAINING WORKSHOPS

Guest professionals come to teach special workshops (e.g. leather bag making, design, etc.) to broaden our students' skills.

GUARDIANS' COUNSELING

Our counselors conduct home visits with guardians to discuss how they will support their girl upon graduation.

INTERN AT THE NEEMA SHOP

Third Year students continue their skills training with an emphasis on real practice by interning at the Neema shop. They hone their tailoring and dress making skills to prepare for the highest level certification. They also sell some of the products they make at local markets and save part of the sales proceeds to purchase a sewing machine upon graduation. Third year students also make uniforms for the incoming first year students.

REINTEGRATION PROGRAM

Students work with our Business Skills Development Mentor on their professional project post-Neema.

TAKE ADVANCED-LEVEL NITA EXAM

Third Year students take the highest level NITA exam (or repeat the mid-level exam).

MAKE PRODUCTS FOR FASHION SHOW

Third Year students are responsible for designing and creating outfits for the November Fashion Show.

GRADUATION

Thanks to their internship earnings, sometimes supplemented by their guardians, Third Year students receive a sewing machine upon graduation in November.
